Elevate Your Event.
Experience Mirador.

GREAT VIEWS, GREAT VIBES.

Mirador is one of Luxembourg's most vibrant venues — perched above the rooftops of the city and partly built into the historic Kasematten fortress walls. With sweeping views over the skyline of the old town, the iconic railway bridge, and the Grund district below, it's a setting like no other.

More than just a terrace bar, Mirador is a multi-room venue where every space tells a story — from the cozy charm of our sandstone-walled bar to the club-style upstairs lounge with glowing accents and panoramic views.

Whether you're planning a stylish celebration, a corporate gathering, or a full-scale party, Mirador offers an unforgettable atmosphere that blends modern culture with historic soul.

Locals meet expats. Business meets bohemia. And the vibe is always just right.
